

Anti-Theft

Theft Deterrent System for New, Certified *plus* and Used Volkswagen Vehicles.

Improve your vehicle's traceability and deter thieves

Vehicles with no visible signs of theft deterrent are easy targets for thieves. With over 200 vehicles stolen per day in Canada, thieves seem to have plenty of vehicles to choose from. Audi After Care Anti-Theft is a vehicle theft deterrent system designed to discourage thieves from stealing your Audi.

Audi After Care Anti-Theft combines a clearly visible warning label with permanent, pre-registered numbers embedded on body panels throughout your vehicle to make it a less attractive target for would-be thieves. The pre-registered number adds your vehicle to a national database to improve its traceability. The "Police Traceable" window decal will make it obvious to potential thieves that your vehicle is registered and help convince them to leave your vehicle alone.

In the event your vehicle is stolen and then recovered, you will be reimbursed for your Audi After Care Anti-Theft purchase. If your vehicle is stolen and not recovered within 30 days or is recovered and declared a total loss by your insurance provider, your selling Dealer will provide you with a discount of up to a \$5,000 towards the cost of purchasing a replacement vehicle from their available inventory.¹
